Here's a tech tip from our amazing Tech Coach, Cheri. Want to do a quick QR code for you or your students?

Google now has a QR Generator RIGHT INSIDE THE OMNI (URL ADDRESS) BAR!

For taking the time to check this out, you've also found this edition's Tech Times Prize code. Just email leaj@sheridan.k12.in.us with the words "Mind Blown!" and you will be one of our spring prize winners! Offer expires 3/22/2021

3 Simple Clicks:

Create a QR Code in Chrome

1.   Navigate to the page you want to share
2.   Click anywhere in the omnibar (URL/address bar)
3.   Icons will appear in the right side of the omnibar
4.   Click on the QR Code generator icon

5.   Download the QR Code and use!
